FIREWORKS DISPLAY "STARS BURST OVER CARLISLE 2011" is scheduled for Saturday, July 2, beginning at 9:30 p.m. at the Carlisle Fairgrounds.

In addition to the usual array of aerial "bombs bursting in air, this year's show will again include the addition of "close proximity firework," according to Carlisle Mayor Kirk Wilson. The close firing makes them much more entertaining for the audience while using only a fraction of the explosives of conventional fireworks, he explained.

The close-proximity fireworks will only be visible from the Carlisle Fairgrounds. As a result there will be some additional restricted parking areas to allow spectators to view the show. Carlisle Special Fire Police will direct traffic.
