This year marks the 50th anniversary of the Tet Offensive, one of the most pivotal campaigns of the Vietnam War. The USAHEC is commemorating the anniversary with lectures, displays and special programs throughout the two day event. Army Heritage Days encompass the history of the Army and the development of the American Soldier from pre-French and Indian War to current operations.

This year's view vintage WWII tanks and a half track take on mud, water filled holes and logs as they chewed up the obstacle course. Spectators were also able to view charging horse during the Revolutionary War cavalry demonstration, see how cannons were fired during Civil War artillery Demo and got to meet and greet service veterans.

Hundreds of re-enactors from all eras of military history were also spread

out along the Army Heritage Trail throughout the weekend.
