

# AUSA 2021 - America's Army and its People, Transforming for the Future

By Robert Martin, USAWC PAO 07 October 2021

*AUSA 2021 Exposition 11 – 13 Oct.*

This year's AUSA theme was "America's Army and it's people: transforming for the future." Active, timely and factual Army communication is imperative to retain the trust and the confidence of the American people and to counter misinformation. We communicate the Army mission through People, Readiness and Modernization. The Army takes care of its people by building a culture of trust and remains competitive on all domain battlefield by transforming how we fight and what we fight with.
