

Exclusive, for Army War College alumni - Alumni Connect offers tailored collaboration, resources, community

By Jen Bower, Army War College Alumni Affairs Officer 21 January 2022

Recreate seminar and class relationships. Reach back to current Army War College students, faculty, leaders. Enroll in Alumni Connect at armywarcollege.edu/alumni for secure, online collaboration.

Senior leadership relationships are powerful. Join the new, secure online forum Alumni Connect for resources and collaboration - register at armywarcollege.edu/alumni.

The new Army War College Alumni Connect is open to all USAWC Alumni, past and present.

Upon enrollment, Alumni Connect members receive an Office 365 account including armywarcollege.edu email, 1TB OneDrive storage, Microsoft Office, and Microsoft Teams.

Alumni can register at armywarcollege.edu/alumni. More than 600 alumni have enrolled in the few short weeks since the Alumni Connect launch in late 2021.

Alumni Connect is much more than an alumni forum -- it's a reach-back resource. Enrolled alumni can receive daily updates on strategic leader topics from Department of Defense organizations, find library resources

and the Army Heritage and Education Center collections, learn about virtual AWC events tailored to address your interests, download USAWC primers and curriculum, and more.

Alumni Connect is a unique opportunity for you to connect and network with AWC alumni in your class and your community in a safe, secure space within the armywarcollege.edu environment. Harness the breadth and depth of Army War College resources through the power of Microsoft Office 365 collaboration tools.

After registration, you can find fellow alumni through an Alumni Registry and connect through class-designated Microsoft Teams channels. The College will use Alumni Connect for collaboration before regional gatherings, reunions, and homecoming events. For example, coordination is underway now for a continuing education program in INDOPACOM, a Homecoming Day, and 20-year reunions for the classes of 2000 and 2001.
