

**DEPARTMENT OF THE ARMY
US ARMY GARRISON CARLISLE BARRACKS
22 ASHBURN DRIVE
CARLISLE, PENNSYLVANIA 17013-5000**

To the Class of 2021, welcome to our Carlisle Barracks family,

I'm Lt. Col. Courtney Short, Garrison Commander here at U.S. Army Garrison Carlisle Barracks. On behalf of our garrison team, I want to personally welcome you and your family to our community. We are eagerly preparing for your arrival and stand ready to assist you and your family in making the very most of your transition and time here at our historic installation.

Carlisle Barracks is one of the oldest military installations in the country. It was originally established as a British military outpost in 1757, and it has witnessed many advancements and new concepts in military training and education over the centuries. Today, it develops tomorrow's strategic leaders and fosters ideas that guide senior leader decision-making in our rapidly changing world.

Our Garrison Army Housing Services Office is ready to assist you in making an informed decision about your future home. The housing office coordinates directly with Balfour Beatty Communities (BBC), our residential housing partner. BBC dedicates more than 150 homes annually to our students and families. Their homes include 3 and 4 bedroom duplexes and spacious, fully renovated apartments at Young Hall. All homes are within walking distance of the War College.

To begin the housing process, please use the online in-processing site and the token you'll receive in a separate message from the USAWC G1 (Personnel Officer). Student assignments to on-post housing are prioritized: (1) military members (U.S. and international) who are accompanied by family; (2) unaccompanied U.S. and international military members: geo-bachelors; (3) civilian students. Housing applications completed through the Online Inprocessing site as of 10 April 2020 will be prioritized according to bedroom requirements and placed on the appropriate waiting list by date of rank order (with date of rank taking precedence). After the initial housing assignments are made, follow-on applications will be placed on the appropriate waiting list, eligibility date = application date. BBC's goal is to provide housing assignments directly to students no later than 4 May 2020.

We're proud of our extraordinary installation and our caring community. Carlisle Barracks boasts a beautiful tree-lined campus with a picturesque stone-lined creek running through it. Our Soldiers enjoy a historic athletic field, a recreational outdoor pool, evening events at our Tiki Bar, and our golf course is home to a Division III college team. Our Child Development Center and Child and Youth Services offer nurturing care and robust programming – trips, summer camp and youth sports! School liaisons will ensure you find the perfect educational experience for your child. I hope you'll love your time here as much as we do.

In preparation for your arrival, we've designed a website at <https://www.armywarcollege.edu/experience/index.htm> to address the wide range of opportunities that await you here at Carlisle Barracks. You'll find important information about spouse employment, local schools as well as community resources. Our garrison staff is a ready team of trusted and innovative professionals, guided by Army Values, here to support the U.S. Army War College and its student population – that's you!

Welcome to our Carlisle Barracks home!

COURTNEY A. SHORT
