## **Demolition of homes along Liggett, Bouquet Roads to start July 1**

The demolition project to create space for the new Youth Services began July 1 and is expected to last to September.

The project will take down 10 family housing units along Liggett Road and 10 homes on Bouquet Road.

Construction of the new Youth Services building is scheduled to begin October 1 in the space currently occupied by two-story homes along Bouquet Road. The land around the Liggett Road one-story brick homes will be restored to green space.

Both areas will be fenced off during work hours, approximately 7:30 a.m. to 6 p.m. daily.

“As with any construction or demolition project there will be delays for short periods as equipment and other items is moved around,” said Tom Kelly, Public Works director. “We will ensure there are ground guides for any traffic disruptions.”

The demolition work is being completed in partnership with Balfour Beatty Communities.
