

Carlisle Barracks to collect cardboard, help local community

Carlisle Barracks to collect cardboard, help local community

A Cardboard Drive to benefit Project SHARE will be held **Wednesdays and Fridays starting July 14 to July 30.**

By bailing and recycling large cardboard, Project SHARE is able to raise money to purchase food to provide to more than 1000 area families in need each month.

Project SHARE will provide volunteers and trucks to pick up unwanted household moving boxes starting at 10 a.m. on scheduled days.

Pickup will be at the following housing areas: The Meadows, College Arms and Young Hall.

For other Post residents, call the Balfour Beatty Management office at 717-243-7177, to have your address added to the pick-up schedule.

All cardboard **MUST** be broken down and placed in front of your residence **before 10 a.m.** on the days of pick-up.

Project SHARE will not accept wet cardboard, so cover cardboard with a tarp or trash bags to prevent it from getting wet.

Balfour Beatty Communities is the sponsor of the event.
