## Congratulate a Colonel

Congratulations to the Carlisle Barracks officers who the promotion board selected!

Maj. Gen. Anthony Cucolo, U.S Army War College Commandant, said that the board only selected 37 percent of Lieutenant Colonels in the primary zone, which was a very tough cut.

"For those selected, we will all congratulate and celebrate your making a most difficult gate. I am completely confident that along with your elation and pride there will also be humility for yourself and empathy for others...those on your left and right who were not selected" he said.
