

# Test your knowledge of energy conservation

**Test your knowledge of energy conservation with the following question.**

What is the Army's policy for large screen TVs?

- a. You cannot have a big screen TV.
- b. You can buy any brand of TV you like.
- c. Large screen TVs over 36 inches must be Energy Star.
- d. Only DTVs are allowed.

C is correct. See excerpt from Army Memorandum IMPW-E dated 12 Jun 2009.

"You are reminded that the Energy Policy Act of 2005 and Executive Order 13423 require federal buyers to purchase Energy Star rated products. Purchases of large screen televisions are limited to only those that are Energy Star rated and have the lowest combined acquisition and life-cycle operation cost. Purchases must be limited to the minimum essential to meet mission requirements. All televisions, regardless of type, will be turned off when not being watched."
