

## Post wide power outage Feb. 15, 930am

By Thomas Zimmerman 15 February 2019

PP& L will have an emergency power shut down that will affect the entire installation between 0930 and 1000 today 15 Feb. We will switch to our alternate electrical feed in order to make an emergency repair. The outage is anticipated to last no longer than 5 minutes. DPW plans to stay on alternate feed over the weekend and on Tuesday 19 Feb switch over to regular power at 0500, requiring another power outage lasting no longer than 5 minutes.
