Carlisle Barracks to experience a brief power outage Aug. 30, at 6 a.m.

Carlisle Barracks to experience a brief power outage Aug. 30, at 6 a.m.

Carlisle Barracks Department of Public Works and PP&L Electric Utilities Company will switch the Barracks from its alternate electrical feed to its main feed on Friday, Aug. 30, at 6 a.m.

This transfer will cause a brief post-wide power outage that will last no more than 15 min.

The switch will be the last impact to Carlisle Barracks as PP&L continues its grid modernization project.
