You can still receive a flu vaccination without an appointment during the clinics' regular hours, 7:30 a.m.-4:30 p.m.

For those who wish to receive the flu vaccine at a civilian location, see the TRICARE link that answers questions and provides guidance about receiving the flu vaccine at a civilian location.

Please be aware, civilian pharmacies will only give the flu vaccine to individuals age 9 and older.

The flu season typically peaks between December and February; vaccines take two weeks to offer protection, according to the Centers for Disease Control and Prevention(CDC).

Headphones and reflective wear on Carlisle Barracks - Updated Nov. 5, 2019

Army Regulation 385-10, Chapter 11-11, requires wearing reflective outer garments and/or equipment during hours of limited visibility for personnel running, not in troop formation. It says, wearing portable headphones, earphones, ear or other listening devices while jogging, running, bicycling, skating or skateboarding on or adjacent to roadways or roadway intersections on DoD installations is prohibited. Carlisle Barracks Regulation 385-1, Chapter 23-6, requires joggers and bicycle riders to wear a reflective belt or vest during the hours of darkness, including the period from one-half hour before sunset to one-half hour after sunrise. Joggers and bicycles, scooters and rollerblade riders are encouraged to wear a reflective belt or vest at all other times to maximize their visibility and increase their safety. The regulations also say all persons are prohibited from wearing headphones while jogging, rollerblading, biking, skateboarding, and scooter riding in compliance with AR 385-10, "The Army Safety Program." An exception to this policy is that headphones may be worn on the quarter-mile track on Indian Field and on the 2-mile golf course jogging trail.
