Discover the virtual community of events and activities – and how to find them

This year, students, families, and the larger military community are reliant on the internet to find information, events, and activities.

These links will put community resources at your fingertips. If you know of a link that you think we missed please let us know at usarmy.carlisle.awc.mbx.atwc-cpa@mail.mil.

[Medical Emergency Room](#)

If you have an emergency, “a sudden illness or injury that if not treated immediately could result in death, long-term impairment or serious jeopardy to your health,” call 911 or go to an Emergency Room! You do not need to call your PCM before receiving emergency care. In all emergency

situations where you go to an ER, notify your PCM as soon as possible to coordinate ongoing care.

[Emergency Notification \(ALERT\)](#)

MWNS gives the chain-of-command the ability to notify you in the event of emergency via desktop pop-up, telephone, SMS, and email. Ensuring your information is updated and correct will help increase notification capabilities and response times in emergency situations.

New Army Digital Garrison app serves as guide to on-post services

The Army launched the new Digital Garrison mobile app to provide immediate information for on-post services – and Carlisle Barracks is on that app.

Go to your App store to find Digital Garrison. You can visit as a guest or create a log-on; you can ask for notifications or not. The app provides users with secure access to real-time information about all the facilities on base – from healthcare services to religious services, retail and Army Family and Morale, Welfare and Recreation, FMWR, services.

When is Ashmore Gate open? Digital Garrison puts the answer in your pocket (if that's where you carry your smart phone). Digital Garrison-Carlisle Barracks can meet a range of immediate information needs -- installation directory, fitness and recreation options, event information and more.

When you're ready to lean into your next assignment, you'll find more than 60 Army garrisons worldwide on DG, with plans to add more in future updates. [Joint bases operated by other services and select garrisons without sites on the networks that feed the app are not yet incorporated.]

Digital Garrison also provides an in-app shopping function through ShopMyExchange.com along with local Exchange (AAFES) shopping and restaurant details. It also features a mobile wallet function for shoppers to use their MILITARY STAR card.

Digital Garrison is an Army-AAFES partnership.
