

## VBS a hit with post youth

By Thomas Zimmerman 13 August 2018

*The week featured lessons, crafts, games and more.*

*More than 60 youth and adult volunteers helped with the event.*

*The event is just one of the dozens of events the chapel hosts all year for families.*

The largest group of youths ever for the USAWC Memorial Chapels' Vacation Bible School came together for games, fellowship and an opportunity to learn new friends recently.

As one of the first activities for post youth before the Army War College academic year begins, VBS usually draws a large crowd and this year there were more than 120 kids registered and supported by more than 60 youth and adult volunteers. The week long event featured games, meals and lessons with a theme of "Babylon."

The chapel hosts a variety of programs all year for both the Catholic and Protestant congregations. They also offer connections and information about other faith services by visiting their website at <https://carlislebarracks.carlisle.army.mil/chapel/> or calling (717) 245-3318.
